North Van Island	46
Central Vancouver Island	204
Southern Vancouver Island	187

We have members who continue to isolate and/or recover; we also have members awaiting testing/results.

Partying: continues to be a huge concern from Families, Leadership and Health staff. The partying needs to stop. We need everyone to help bring our family member's home.

Isolation: will need a support person; we encourage for homes in isolation have a tote outside for people to drop off items. If you are interested, we can provide with a care kit (per home), email [eoc@ahousaht.ca](mailto:eoc@ahousaht.ca)

Any questions or recommendations, email [eoc@ahousaht.ca](mailto:eoc@ahousaht.ca)
